Zhuhai International School: weekly newsletter

FROM THE FIRST FLOOR

Dear ZIS Community

We have now completed our first week of learning from home. I am very pleased to see all of the exchanges that are taking place between students, parents, and teachers. Even in these challenging circumstances we continue to pursue our mission and values through the design of the learning activities and the pursuit of our standards. Thank you for your patience and diligence in supporting your child's learning.

This Wednesday we received detailed instructions from the local Education Bureau supporting the development of our plan to resume learning on campus in a safe and healthy manner. Over these past two days we have prepared and submitted a report outlining our strategies to provide and maintain healthy transport, food preparation, classrooms, and other shared spaces. With their feedback we will be one step closer to finalizing and implementing that plan, and closer to the announcement of the opening of campus. A summary of our plan will be shared with you once it is given final approval.

As more information becomes available we will do our best to keep you updated.

Thank you to the families who have notified us of either:

- a) their travels to Hubei since January 11, or
- b) their reception of guests from Hubei since January 11

If this is the case for you as well, please write to us at zis@zischina.com

The closure of school has meant the postponement of a number of events and the new schedule will be calendared with you shortly after our return to campus. The timing of conferences, STEAM week, and school photos will be reviewed.

Thank you as always for your support.

Warm regards,

Andrew VanderMeulen
Head of School

Lunch Menus,
our food safety guidelines,
and past editions of
"The Banyan" Newsletter
